

Quality and Environmental Policy

The Tomato Plant Company Ltd, a leading provider of road transport services, considers respect for the environment an important business responsibility and encourages all employees to take an interest in the protection of the environment.

The Tomato Plant Company Ltd will therefore:

- Ensure that the company complies with all relevant environmental legislation and regulations.
- Identify and evaluate any environmental effects associated the companies activities in order to control and reduce any environmental impact, including the prevention of pollution.
- Ensure the responsible use of natural resources and the minimisation of waste and energy consumption.
- Implement the training of employees to ensure that they are environmentally aware and that neither they, the community nor the environment are exposed to harm as a result of The Tomato Plant Company Ltd operations.

In meeting the above, The Tomato Plant Company Ltd also aims to achieve high levels of customer satisfaction by delivering reliable, high quality, cost effective services within agreed timeframes thus generating the returns required to:

- Reward stakeholders for their investment.
- Reward people for their efforts.
- Provide the funds to support future operations and company growth.
- Provide a stable and enjoyable work-place for the entire team.

The Tomato Plant Company Ltd is committed to the continual improvement of its performance by the monitoring of quality and environmental issues and through involvement with customers, suppliers, regulatory authorities and the community.

To assist with the above, The Tomato Plant Company Ltd intends to implement an integrated Management System that meets the requirements of ISO 9001:2008 and ISO14001:2004.

Compliance and improvement will be monitored by process measures and internal audits and maintained by the timely implementation of preventive and corrective actions.

Meeting these standards is the responsibility of the entire team. The Tomato Plant Company Ltd is therefore committed to working with all stakeholders to support effective operation of the company's Quality and Environmental Management System and the achievement of goals and of specific Quality and Environmental Objectives.
